Charlestown April 8. 1843-

Mr. Mr. Phelps.

Dr. Sir.

25

There will be a public examination of the school under my care, on Tuesday, the 11th inst. (next week) The senior class^{es} will be examined in the afternoon, commencing at half past one.

It will afford me much pleasure to see you present, with any of your friends, on that occasion. Will you not come & "take tea" with us?

I expect soon to apply for a school in the city, & I think, if you should visit my school, & be pleased with it, you would be able to render me very important aid, if so disposed, in obtaining a situation. I have neither wealth, nor many friends at our court, to recommend me, & whatever influence I can honestly obtain, I am anxious to secure.

Very respectfully
& truly Yours,

P. H. Sweetser
